

Driver Education Instructors Needed!

Do you want to make a difference in a teen's life? If so, then an instructor position with Top Driver may be the perfect place for you. We are hiring additional Behind the Wheel and Classroom Instructors to help us support our increased student demand.

Are you also energetic and enthusiastic? Do you have experience motivating and coaching others? Are you a strong communicator?

If the answer is "yes" to these questions then we would like to talk to you about being a Driver Education Instructor with Top Driver, the largest and most professional private driving school in Illinois.

* **The Driver Education Instructor position is very flexible** - we work around your availability on a seasonal basis. Both Part-Time (8+ hours/week) and Full-Time (30+ hours/week) positions are available in many of our locations. Full-Time instructors are eligible for our full benefit package including PTO, health insurance and a 401K matching plan.

* A typical Instructor schedule includes a combination of after school, evening and weekend hours during the school year. The ability to work Sundays is a definite plus since that is our busiest day. Daytime hours may be available during the summer and holiday breaks.

* Top Driver's own proprietary curriculum is designed to truly engage the student. We provide the curriculum and educational tools but look to our instructors to make the sessions enjoyable and educational.

* We take pride in our advanced instructor training program and our instructors will not be working on their own with students until they are fully prepared and ready to do so.

* Candidates must have a safe driving record and pass a background check and drug screen.

* Applicants must be at least 21 years old.

Benefits: Health insurance, dental insurance, life insurance, and more for FT employees as well as 401K matching

COVID-19 considerations:

Our instructors and students are required to wear face coverings. Before each drive students are asked several screening questions regarding their potential COVID exposure.
